

DATA FORMAT
ANALYSIS SOFTWARE
WORKSHOP

Meeting. 8/14/97

Pete Timmer, Roland May, Ron Ghosh, Claudio Ferrero, Wim Bras.

- Nexar data format was mentioned
- RG suggested it would be a good idea to include the US people.
- Users from DL, Hamburg, ILL, ESRF should be contacted to ask what they have developed.
- RG will create Webpage with ILL effort.
- And Only people doing the actual work should be invited.
- Advance warning should go out in June.
- Meeting should be held in February.

Meeting 27/1-197

Narrowed things down to:

- Inventory of data analysis software
- Data can be via continua

Try to avoid problem - with Nexar, CIP people. Make clear to everyone that we're not going for a new format.
